Instructions to the Parents

- **Every student will have to wear mask mandatorily.**
- **It is the responsibility of the parent that if the child is unwell, avoid sending the child to the school.**
- **Every student should be carrying a sanitizer bottle.**
- **Parents should train the child to maintain social distancing. Include Protein and Vitamins in daily diet.**

Instructions to the Teachers

- **The teachers to monitor and maintain social distancing in the class.**
- **All the classes will have different time slots for the students to use the restrooms rather than following common break/recess timings.**
- **At any point during the school hours, if a teacher notices that a student is unwell, the parents will be informed immediately. The parents need to co-operate with the school & pick up the child at the earliest.**

Enhanced School Safety Norms

- **The safety and well-being of all our students and team members is an area where there will be no compromises at ICIS School.**
- **This document summarizes the school's plans for additional safety measures that will be implemented after the formal Govt. orders for reopening school.**
